Rupinder Singh

LLMs | RAG | NLP | Deep Learning | Machine Learning | Python |
Content Writer

Ludhiana, Punjab, India

Summary

Aspiring ML Engineer with a Bachelor of Technology in Computer Science , complemented by hands-on experience in Machine Learning , Deep Learning , and Natural Language Processing #.

Via my real world projects, I have gained practical knowledge in exploratory data analysis and the implementation of advanced machine learning models.

Well proficient in Python programming and skilled in performing data manipulation and analysis.

My expertise extends to working with Generative AI and Large Language Models, allowing me to explore innovative solutions in AI-driven applications .

Skills :

Programming Languages: Python

Machine Learning: Supervised and Unsupervised Learning, Natural Language Processing, Deep Learning

Generative AI: Large Language Models, RAG systems, Prompt Engineering, Hugging Face

Tools and Libraries: Flask, Gradio, Jupyter Notebook, SQL, Neo4j #

Languages: Fluent in English , Hindi , and Punjabi

Experience

Vusic Technologies
AI Research Associate
January 2025 - Present (1 year 1 month)

Sabudh Foundation
Data Science Intern
January 2024 - July 2024 (7 months)
Mohali district, India

Recently completed my data science internship at Sabudh Foundation where I gained hands-on experience in machine learning, deep learning, natural language processing (NLP), generative AI, and large language models (LLM). My primary internship project was "Document Analysis using LLMs," which allowed me to apply these technologies to real-world challenges and deepen my understanding of their practical applications.

Astir Mind Software Solutions
Algorithmic Trader Intern
August 2022 - September 2022 (2 months)
Ludhiana, Punjab, India

Education

Punjabi University
Bachelor of Technology - BTech, Computer Science · (August 2020 - June 2024)
